Tropak Power LLP

<http://www.indiamart.com/tropak-power-llp/>

One of the most trusted names amongst component manufacturing companies *TROPAK POWER LLP*, is manufacturing Electron Beam Welded Shunts, and other Sheet Metal components along with Wiring Harness solutions.

About Us

One of the most trusted names amongst component manufacturing companies *TROPAK POWER LLP*, is manufacturing Electron Beam Welded Shunts, and other Sheet Metal components along with Wiring Harness solutions. The Company contributes immensely to major industries, such as Electronics, Electrical, and others. We import our products from China.

Our quality raw materials are industry-approved and meet market standards. We typically work with Copper, Brass, Electron Beam Welded Strip, Steel, Aluminum and stainless steel in Coils, Cut lengths & enameled wire forms. Our USP is the customization of products to meet your requirements. We jointly work with our customers to design and develop premium-quality, utilitarian products.

Tropak Power offers most of the services available for sheet metal fabrication. Using either in-house equipment or outside resources, we are able to meet your components needs.

We Do:

- 1) High volume stamping
- 2) Blank or strip cutting from coils
- 3) Shearing
- 4) Forming
- 5) Spot welding
- 6) Press-in Assemblies
- 7) Vibratory deburring
- 8) Tapping
- 9) Small formed parts
- 10) Wire Harnessing.

Besides the operations and services provided by us, we also offer parts with finishing process such as Electroplating, chemical treatment etc.

Our product range comprises the following:

- Customised EB Welded Shunt Resistors
